Salome Briggs: By due improvement and diligent application, to your studies; you have so far outdone your fellow classmates, as to obtain the head in spelling for which you justly merit the praise of your instructor, who earnestly wishes for your improvement in every useful science.

Yours Truly.

SPENCER

Dec. 31, '88.

We wish you a Happy New Year. Turn over a new leaf and don't let it slip back.

Mrs. Ira Town, wife of our former station agent, but now of Fremont, visited friends in town last week.

C. C. Inman preached at the Baptist church on Sunday in the absence of Rev. F. Kenyon, who had an appointment in Rochester.

Miss Bessie Franks, of Wellington, is spending a part of her vacation with her grand parents, Mr. and Mrs. J. Murray.

Almeda Hart has company from Hillsdale, Mich.

How would a nice black plush dress do for a Christmas present for a fellow best girl.

Mr. and Mrs. Charley Woods, Harvey and Mary Pittinger attended the wedding of Mr. Munson and Miss Mary Wise at Lodi on Christmas.

Mr. and Mrs. Lewis Kratzer, of Cleveland, are visiting her parents, Mr. and Mrs. J. Naylor.

Miss Warren, of Lodi, was the guest of Mrs. Kratzer over Sunday.

Miss Wandall is the guest of her sister, Mrs. Maggie Cavin, for a few days before her departure for Kansas.

About forty invited guests ate turkey at John Betze's on Christmas. His wife was the recipient of a very fine set of dishes, consisting of 100 pieces.

Rev. Snyder will commence protracted meetings at the center on Thursday evening of this week.

The withdrawal of the announcement for a social at the residence of C. W. Aldrich was quite a disappointment to some. Millie Betz, Lettie Miller, James Freeman and Eugene Cavin, return this week to school at Delaware; Elmer Firestone to Columbus; Delmer Griesinger to Hillsdale and Arlo Firestone begins his first term at Wellington.

School will not open in the new building at the center until Jan. 7.

Clyde Foster is suffering from an attack of the quinsy.

Mrs. Pittinger is a little better. We hear that Mrs. Hill, wife of our former miller, is very sick with lung trouble with no hopes of recovery.

Frank Griesinger is having the foundation laid for the erection of a two story building 32x60 ft. to be used as stove, tinware and hardware store.

We are glad to note the editor was mistaken when he said that the dismissal of C. C. Inman, postal clerk, was because he left his car without permission. Guess our first statement of it was about correct, wasn't it?

Literary Notes.

Two articles in Harper's Magazine for January are sure to provoke discussion. "The Clergy and the times," by Archdeacon Mackay-Smith, lays hold of the important question of how churches are affected by present tendencies. The impartial statement and clear analysis of the situation recommend the essay to clergy and laymen alike, and the suggestions for rendering the work of the churches more effective deserve the thoughtful consideration of all who are interested in the religious outlook for this country. The other article referred to deals with a perennial subject of discussion; but the mass of indifferent contributions to the literature upon the Irish question does not spoil people's appetite for such a valuable essay as Mr. Commissioner McCarthy, Dublin, has

written upon "Manufacturing Industry in Ireland." The important literary features of the number are Gen Lew. Wallace's powerful historical drama, "Commodus," illustrated by J. R. Wegulin in his best manner, and the first installment of Constance Fenimore Woolson's new novel, "Jupiter Lights," which promises to be a substantial advance even upon her former works. F. C. Beach, Ph.D., ex-President of the Society of Amateur Photographers, New York City, writes an interesting paper upon "Modern Amateur Photography." "Russian Bronzes," by Clarence Cook, is prefaced by a valuable characterization of Russian art as a whole. Excellent illustrations supplement to text. Charles Dudley Warner can create interest in any subject which he touches; and when the subject happens to have an interest of itself, the reader has a right to expect something extraordinarily good.

Fatal Neglect.

The breaking of the smallest wheel in a mammoth factory, if not repaired or replaced, will ruin the entire plant, as a speck of dust will derange the delicate machinery of a watch. Were people as thoughtful to repair their broken health on the first approach of disease, the owner is to mend his machinery, they would escape indescribable suffering, and often death. Slight causes will sometimes derange the digestive organs, on whose healthy action the health of the whole system so much depends, and feverish blood, headaches and consumption itself set in. The wise person will at once arrest the cause of these unhealthy symptoms, resorting to that world famed remedy, Dr. Pierce's Golden Medical Discovery, which purifies the blood and cures liver disease. Of all druggists.

THE WORST NASAL CATARRH, no matter of how long standing, is absolutely cured by Dr. Sage's Catarrh Remedy. It does not merely give relief, but produces permanent cures in the worst cases. 50 cents, by druggists.

A Convenient Calendar and Stand.

The most convenient, valuable and novel business table, or desk calendar for 1889, is the Columbia Bicycle Calendar and Stand issued by the Pope Mfg Co., of Boston, Mass. The calendar proper is in the form of a pad containing 365 leaves, one for each day in the year, to be torn off daily. The leaves are 5 1/2 x 2 1/2 inches, a portion of each is left blank for memoranda, and as the leaves are not pasted, but sewed at the ends, any entire leaf, as well as the memorandum blank, can be exposed whenever desired. The pad rests upon a portable stand, which takes up very little room, and when placed upon the desk or writing table, the entire surface of the date leaf is before the eye, furnishing date and memoranda, impossible to be overlooked. The information contained on the calendar would if placed in book type make a fair sized volume.

"We Point With Pride"

In Lowell, Mass., where it is prepared, there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and we ask you to try Hood's Sarsaparilla. It strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. The peculiar combination, proportion, and preparation of the vegetable remedies used give to Hood's Sarsaparilla peculiar "To Itself" curative powers. No other medicine has such a record of wonderful cures. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other instead. It is a Peculiar Medicine, and is worthy your confidence. Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass.
